

**Let's work together as partners to help people get the digital skills and resources they need to be successful!**

**Getting started as a community partner is easy.**

1. Contact Goodwill® to discuss how we can work together.
2. Learn about the areas that our current participants need additional assistance.
3. Connect with the individuals your organization has been targeting to help them thrive!

**Join us as we support the ever-changing demand for new skills in the digital economy!**

## **Goodwill Digital Career Accelerator®**

**Changing  
the way we  
live, work and  
create through  
technology.**

**To learn more about joining  
forces with Goodwill®, contact:**

Goodwill® is committed to enabling more than one million people — including people with disabilities and disadvantages, youth, older workers, veterans and military families, and people who are transitioning back into society — to receive digital skills training. The Goodwill Digital Career Accelerator® is funded by Google.org, the leading technology company, and administered by Goodwill Industries®.

Grow with **Google**

## Help connect top candidates with careers in digital technology!

Goodwill® is in the business of changing lives and is now equipping the future workforce with digital skills! Through the Goodwill Digital Career Accelerator®, we are pairing employers with top candidates who have acquired technology skills — from basic computer knowledge to data analytics to coding.

Goodwill® provides a vast array of training, education and career opportunities, but there are areas we don't cover, and we need your help!

Join forces with Goodwill® to prepare candidates for more than 6 million U.S. job openings.

Funded by a \$10 million investment from Google.org and with the assistance of 1,000 Google volunteers, this new Goodwill® initiative will enable more than one million people — including people with disabilities and disadvantages, youth, older workers, veterans and military families, and people who are transitioning back into society — to receive digital skills training.

We are connecting candidates who have received digital skills training with top employers.

Become a community partner to help the future of our workforce succeed! We provide the job training and placement.
